

Builders

Jade and her family are living with Granny while their new house is being built. Every morning the builders arrive in their lorry.

First, they built the walls with bricks. They made the cement in the cement mixer. They left holes for the windows and the doors. Yesterday, they put on the roof.

Jade has to wear a hard hat when she goes to see the builders. She knows which

room will be her's. Jade loves staying in Granny's but she can't wait to move into her new house! ■

CHECK-UP

- 1 Where is Jade staying while her new house is being built?
- 2 What did the builders use to hold the bricks together?
- 3 What did the builders use to make the cement?
- 4 What did the builders do yesterday?
- 5 Why must Jade wear a hard hat when she goes to see the builders?
