

Walking Around the Zoo

Walking around the zoo,
What did I see?
A parrot that squawked
And winked at me.

Walking around the zoo,
What did I see?
An elephant that waved
Its trunk at me.

Walking around the zoo,
What did I see?
A crocodile that snapped
Its jaws at me.

Walking around the zoo,
What did I see?
A monkey that pointed
And laughed at me!
