

This is a very refreshing drink for a hot, sunny day. Make it for yourself and your friends when you need to cool down.

You need:

- Cold lemonade
- Vanilla ice cream
- 2 tall glasses
- 4 straws

What you do:

- Pour the lemonade nearly to the top of the glasses.
- Put a big spoonful of vanilla ice cream into the lemonade.
- Shake the glasses gently (be careful not to spill the mixture).

Use the straws to sip your ice cream sodas. Enjoy!

CHECK-UP

- 1 When should you make an ice cream soda?
- 2 What kind of ice cream is used?
- 3 Which goes in first, the lemonade or ice cream?
- 4 What size glasses should you use?
- 5 Why must you be careful shaking the soda?
