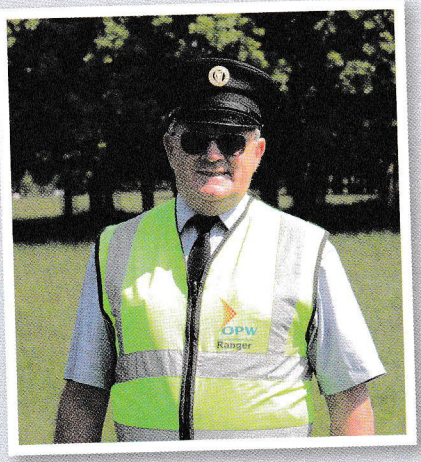
The Park Ranger

Read about Kieron's job. Complete the fact file.



My name is Kieron. I work as a Park Ranger in Dublin. I open the park each morning and lock up in the evenings. I drive through the park making sure that everything is in order. Sometimes I need to remind people to keep their dog on a lead or clean up litter after they have a picnic. Lots of people visit the park each day. In the winter I lock up the park when it gets dark. The park stays open later during the summer months.
