

Tommy's Tummy

There were three Easter eggs on the shelf ...
and two long days to go until Easter Sunday.
That night Tommy's Tummy woke up.

'FEED ME NOW!' it roared.

Tommy sneaked downstairs and took Daddy's Easter egg. He opened it and gobbled it up. He wrapped a ball in the Easter egg paper and put it back.

The next night Tommy's Tummy roared, 'FEED ME NOW!' So Tommy ate Mammy's Easter egg. He wrapped a balloon in the paper.

On Easter Sunday, Daddy and Mammy were not happy. Only Tommy's egg was made of chocolate.

'We'll have that egg, thank you!' said Daddy and Mammy together.

Tommy's Tummy wasn't a bit pleased! ■
