

## Junior and Senior Infants

Good morning everyone! I hope you're all enjoying Active At Home Week! So far the weather has been ok, but I think today mightn't be great so you might have to do your exercises indoors!

### Quiet Work

**Writing:** Pick four sports and write a sentence about them.

e.g. **Sports**

**Tennis-** I play tennis with my Dad.

**Football:** I love football.

**Golf:** My Daddy plays golf.

**Swimming:** I go to swimming lessons.

(You can copy these sentences or make up your own!)

**Mathemagic:** Juniors - p73 Remember to trace the shapes with your pencil. Then colour nicely. Draw your own pattern with pencil first, then colour (Why not try making patterns with Lego or whatever construction toys you have)

Seniors - Go to p 96. Fill in the numbers, then practise reading the sentences. 10 is more than one.

1 is less than 10.

### Busy Work

Today's challenge is a '*Guessing Game!*' - *What's in the bag?*  
You will need a blindfold for yourself! Mum or Dad must find some items and place them together in a bag e.g. fruit, hairbrush, a toy, pine cone, stick, tin of beans, spoon, remote, etc.! (4 should be enough to start with).

Once blindfolded you must pick one item from the bag and feel it. Then guess what it is!! Put the ones you got correct in one pile and

the ones you couldn't identify in another! When finished have a good look at the ones you found hard and then try again, with those ones in the bag and maybe another unseen one! Lots of people can take turns!

### **Active Work**

Today's new game is *Sock Basketball*

1. You need a box or a bucket and pairs of socks rolled up into a ball.
2. Place the bucket in a spot and stand at a start line.
3. Aim to get as many of the sockballs into the box/bucket as you can.
4. Each time you play raise the box higher (on a step or a chair or tree if you're outside!)
5. If you're playing indoors then mark a standing place at the bottom of the stairs and for each round you can put the bucket/box on the next step!!!
6. See who can put socks into the box on the highest step!!

*Don't forget to do your circuit training for today! Also check out the Activities on the the School Initiative Tab. Mr Dunne has set some fun challenges for everyone to do!*
