

Junior and Senior Infants

Good morning everyone! I hope you had fun playing I-SPY yesterday!

Make sure you play it on a rainy day when you can't play outside!

Quiet Work

Mathemagic: Juniors- p76 and p77 Say the nursery rhyme and find the picture as you say it. Then write the number under the pictures at the bottom. Pick one of the nursery rhymes and draw it out on a page. Fold the page in three sections so you can draw parts 1,2 and 3.

Seniors – p97. This concept is quite difficult to grasp, so don't panic if your child doesn't 'get it' initially. They will need plenty of practice comparing solid items such as crayons, blocks or sweets!! Match the sandwiches (etc.) one for one with a line. Then count the left over items- that's the difference- and the way it's said is

'6 is more than 4 by 2

What a Wonderful World: p45 How many of the plants can you recognise? Do you have any of them in your kitchen? Which is your favourite? Write the words carefully (*If you number the pictures and the corresponding words it'll make it easier for the children to copy!*) Don't forget to colour nicely.

Busy Work

Sound Search: today's sound is 'd'. Check around the house to find as many things that begin with the 'd' sound. (Dad, dog, dinner, dish, drawer, dining room, drain, door, drum, doll, donut, dough, dinosaur, deck, dress, date, day, decoration, desk, dice, DVD, dresser, duck, dust!, duster, dustpan,) Pick 4 of them to write and draw. You can look in books too!
