To Draw/Colour

Summer Holidays! The idea is, that what you can see (beach, circus, plane etc.) is reflected in the glasses!

To Make: Complete the picture!

These are symmetrical pictures, so you have to draw the other half of the picture! If you have a Smyths' catalogue or old magazine you can cut some simple pictures in half, stick them on a sheet of paper and draw the missing half! Have fun!

To Do:

Today's hunt is a search for Dairy Food! Check these pictures. Can you name them all? Then see if you have them in your fridge! You can draw pictures and write the words of what you find. (If your house is Dairy Free, then draw and write the alternatives you use!)
