Yippee it's Sports Day!! Check out the SPORTS DAY Tab on the school Website for some ideas on having a Sports Day at home!

If you find those ideas too taxing, then check back on ideas I have posted previously for ideas on stations or an obstacle course in your garden!

Here are some more fun ideas that you might enjoy! The photos explain the idea of the game! If you don't use them today, they might be useful over the holidays!! I am hoping that Mums and Dads might be taking part in these events too!! Please send lots of photos on Whatsapp or by Seesaw!

Make a target board from cardboard. Then make some paper aeroplanes and aim at the holes. The number is the score you get if you succeed in getting the plane through one of the holes!!

Tissue boxes or shoe boxes will be perfect for this shoe box race!!

Use a straw to transfer sweets (or pieces of paper) from one plate to another!!

Enjoy Sports Day whichever way you chose to spend it. Fingers crossed the weather will be fine!
