

Thursday, June 25th 2020

Good morning everyone! I hope you enjoyed the sunny day picture colouring yesterday. Did you make the fish picture or play Simon Says? Today we have shapes and numbers to do along with an underwater scene.

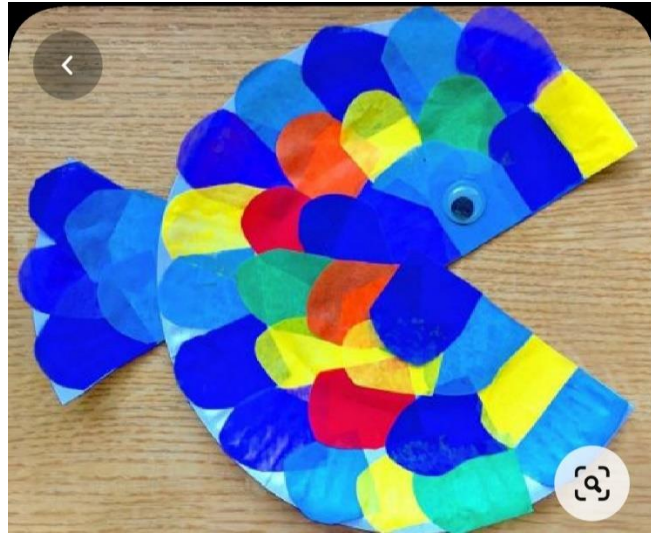

To Draw/Colour

To Make

You will need paper plates or circles of paper, crayons or coloured paper.

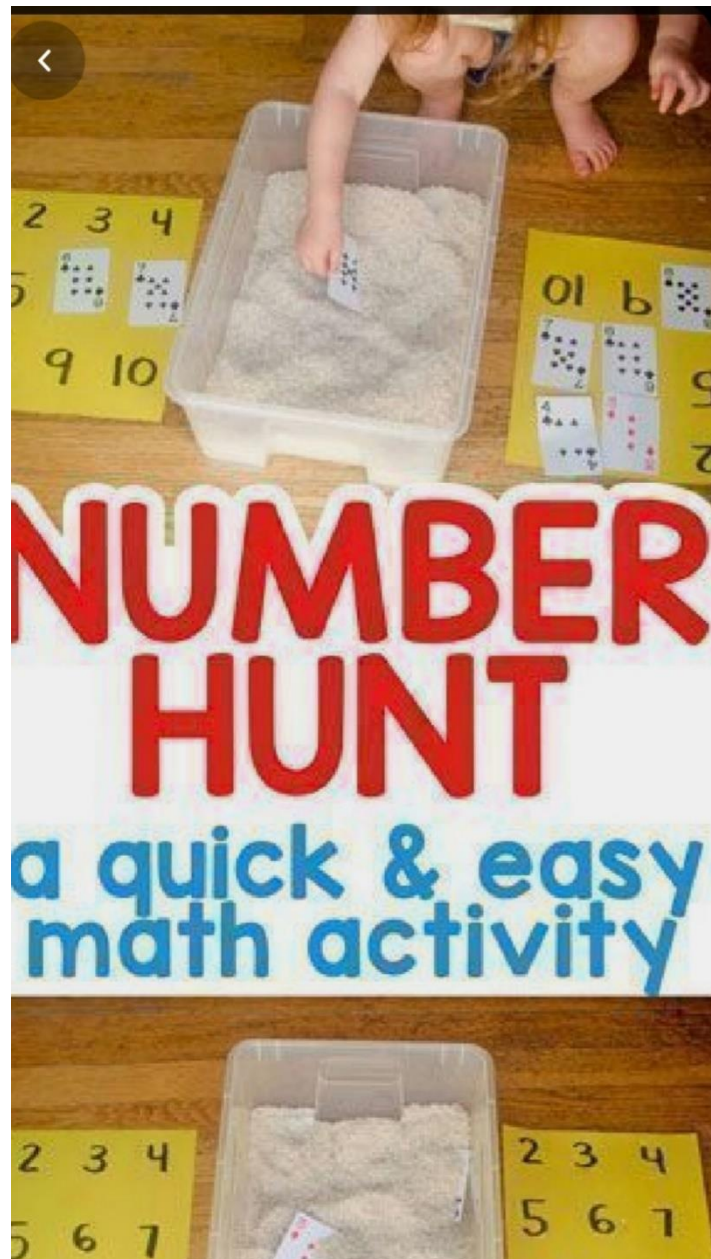

Or you might prefer to make a Lego ring toss game!

To Do

This is a number hunt game. First get a plastic box or tray and pour rice or flour onto it. Then bury playing cards in the rice (up to the number 10). Get a sheet of paper and make the numbers (like the picture below, one for each player)

To Do
