

# Friday, June 5<sup>th</sup> 2020

Good morning boys and girls! Imagine it's Friday again! Did you do the weighing yesterday? I hope you had fun. Or maybe you made binoculars... If so I'd love to see the photos please!

## Quiet Work

**Mathemagic: Juniors- p 86** Making sets. Remember to draw a nice line around the pictures to make each set, and colour nicely.

**Seniors- skip to p106** Count the cubes that weigh the same as each box. Then colour the correct number of boxes underneath.

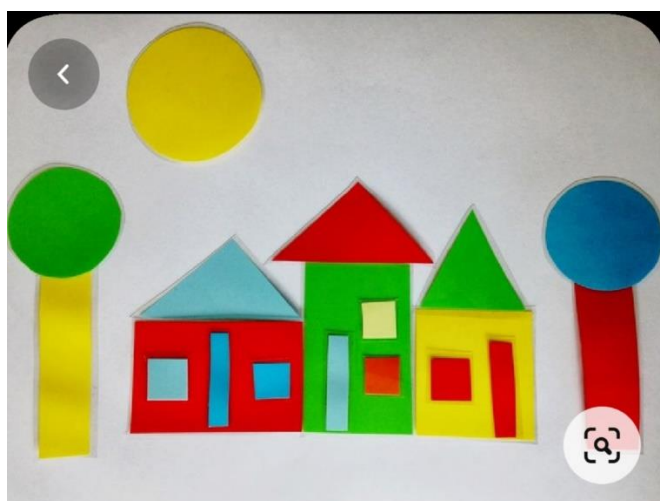

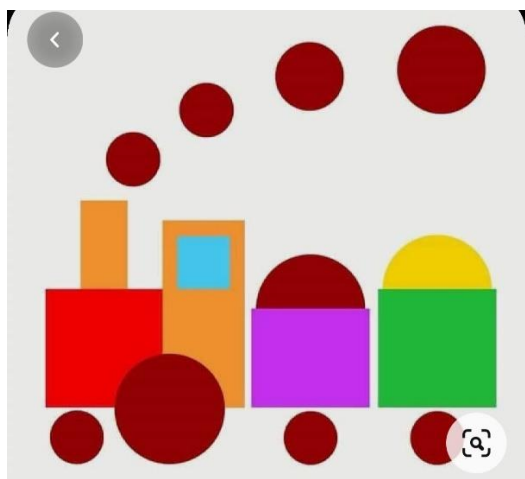

**What a Wonderful World:** p52 and p53. How many things can you name in the summer picture? Colour the summer things on p53.

## Busy Work

Today you can do an indoor scavenger hunt! (Or, you can keep this for a rainy day!) No need to print this, the children can draw the pictures and just tick them. Writing the words is not compulsory, but some children might enjoy that.

You might prefer to make some shape pictures. Here are some ideas!

## **Active Work**

### **Shopping Bag Basketball!!**

You will need a shopping bag, some pegs, a clothes line AND a ball!!!

Have fun and don't forget to take photos!!
