

Thank you for downloading this product!

If you found this product useful, I would happily invite you to be one of my **followers** on TPT. As a follower, you will get an email notice every time I post a new product. You can click on to my TPT icon (Tang* Science on TPT) below to become a follower. You might also be interested in visiting my **science blog** for some teaching tips and free science resources or joining me on **Pinterest**.

Tangstar Science Catalogue

For an easier way to browse through all of my products under subject categories, you can go to an up-to-date product catalogue (with prices) using the link to the right.

Editing Products and Copyright

If your product is a "read-only" product, it can be edited by using the "save as" feature of Word or PowerPoint. However, all rights are reserved by the author. This product is for personal classroom use only and may not be redistributed or posted to any website in part or in its entirety. Copyright © May 2013 by Anh-Thi Tang (a.k.a. Tangstar Science).

Feedback

If you are happy with this product and found it useful, I would really appreciate it if you returned to the TPT site to give me **feedback** on the product.

If you are dissatisfied with this product, please **email me** at anti.tang@gmail.com with any concerns so that I may make improvements on the product and have a revised product available for uploading. As well, let me know if you are experiencing any technical difficulties with using any of the products as I have found that many of these types of problems can be easily rectified with an email.
